

DHK MILITARY GOGGLES BALLISTIC & LASER PROTECTION

DHK700288-DBLPS-1

DHK700202-SWDS-1

Part Number : DHK700202-SWDS-1

Part Number : DHK700288-DBLPS-1

DHK defense and aerospace group manufactures and supplies glacier military goggles for ECW applications and DHK military goggle for ballistic protection and laser eye protection applications. Both goggles share the common durable impact resistant frame that provides excellent ventilation with anti-fog properties. We at DHK produce a ballistic and laser protection military goggle (BLPS) with part number DHK700288-DBLPS-1 that provides ballistic protection up to 800ft/sec as well as laser eye protection in the IR range of 800-1070nm. The goggle meets or exceeds V50 impact rating of 727 FPS, .22caliber and provides and excellent IR protection against most types of lasers encountered in the combat field.

FEATURES :

- ☒ Polycarbonate lenses as specially molded with IR protection (800-1070nm range)
- ☒ Extra thick polycarbonate provides ballistic protection.
- ☒ All lenses meet V50 ratings IAW MIL-V-43511C
- ☒ Frame designed for comfortable fit with all standard helmets such as PASG-MITCH, Tactical, etc.
- ☒ Frame designed for maximum ventilation for extreme fog resistance and filtration of airborne contaminants.
- ☒ Soft and open cell face padding for maximum comfort
- ☒ 45mm adjustable durable strap system for maximum comfort and long wear
- ☒ Easily field maintainable
- ☒ Frame and lens colors are selectable according to customer requirements.
- ☒ Optional Lens Adapter
 - ☒ Allows insertion of prescription lenses directly into the goggles
 - ☒ Designed for light weight, comfort and extended wearing
 - ☒ Filtered air ventilation minimizes lens cleaning

★ DHK Ballistic and Laser Protection Goggles (DBLPS) have been tested by US DoD and independent labs. The goggles passed all the Military Specification requirements and other applicable standards. Qualification tested reports are on file and are available upon request.
