DISPOSABLE Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)
DHK40243-DMK-1

DHK Professional and Disposable Medical Kits are designed to provide Chemical, Virus and Bacterial protection in CBRN type environments. The kits are designed to meet the standards 29 CFR for the Personal Protection Equipment (PPE), established by OSHA, FDA and other agencies. DHK Kits include the critical equipment that will protect the office personnel, First Responders, Police, Fire personnel, Field personnel, and family members from specific hazards which they are likely to encounter while doing their work onsite or in any work environment. Please note the PPE is as good as the user takes necessary precaution in utilizing, maintaining and storing. The critical equipment is certified by NIOSH and other applicable agencies. We sincerely hope that no one has to face such a situation however; we must be prepared to deal with such unfortunate scenarios if it ever occurs.

★ DMK 1 products

- 3M Medical & Surgical Mask Systems
- Refresh Personal Water Filtration System
- Dupont Antiseptic Hand Wipes and Spray
- DHK Disposable Medical Cover-All
- DHK Disposable Boot Covers
- Indirect Vent Goggles
- DHK Latex Gloves

DISPOSABLE Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)

DHK40243-DMK-1

3M Medical and Surgical Mask System (Quantity:2) DHK40207-MS100-1

- Material:
 - ▶ Non-woven micro fiber filter media IAW MS-DHK40207-MM-1
 - ▶ Specifications:
 - ▶ 0.3 micron or better membrane
 - ▶ At least 99.97% filtration efficiency
 - ▶ Meets N100 NIOSH standards
- Adjustable nose piece and comfortable with eyewear
- Contours easily to provide a good seal and reduce eyewear fogging
- Elastic Strap with cinch capability; 5-6mm wide
- Latex free synthetic rubber head strap with cinch capability, allow a minimum 1/2" tabs on all four locations as shown to be able to pull and cinch the strap
- Provides maximum coverage of the oral and nasal regions
- Comfort Cool Flow Exhalation Valve (CCFEV) for low pressure drop and extended wear applications
- Durable, bonded, and soft seal lining
- Meets or exceeds the requirements specified by NIOSH DC-84A-160, and 42 CFR84 criteria.
- Meets CDC guidelines for TB exposure control, enhanced filter media effectively removes viral and bacterial contaminants
- Uses or Applications:
 - ▶ Medical, Surgical, other health applications

DISPOSABLE Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)

DHK40243-DMK-1

Refresh Personal Water Filtration System (Quantity:1)

DHK40096-1

- Provides instant filtered fresh drinking water
- Removes suspended particles, impurities, bacteria, VOC's, heavy metals
- System employs .4 micron multiple membranes impregnated with active charcoal and DHK ION TECH proprietary resin
- Made with FDA compliant materials
- Tested by independent and FDA approved labs
