# PROFESSIONAL Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)  
**DHK40237-MFA-1**

DHK Professional and Disposable Medical Kits are designed to provide Chemical, Virus and Bacterial protection in CBRN type environment. The kits are designed to meet the standards 29 CFR for the Personal Protection Equipment (PPE), established by OSHA, FDA and other agencies. DHK Kits include the critical equipment that will protect the office personnel, First Responders, Police, Fire personnel, field personnel, and family members from specific hazards which they are likely to encounter while doing their work onsite or in any work environment. Please note the PPE is as good as the user takes necessary precaution in utilizing, maintaining and storing. The critical equipment is certified by NIOSH and other applicable agencies. We sincerely hope that no one has to face such a situation however; we must be prepared to deal with such unfortunate scenario if it ever occurs.

(chemical, bird flu, virus, and bacterial protection)

**DHK40237-MFA-1**

## **3M Medical and Surgical Mask System(Quantity:10)**

DHK40207-MS100-1

- Material:
  - ▶ Non-woven microfiber filter media IAW MS-DHK40207-MM-1
  - ▶ Specification:
    - ▶ 0.3 micron or better membrane
    - ▶ At least 99.97% filtration efficiency
    - ▶ Meets N100 NIOSH standards
- Adjustable nose piece and comfortable with eyewear
- Contours easily to provide a good seal and reduce eyewear fogging
- Elastic Strap with cinch capability; 5-6mm wide
- Latex free synthetic rubber head strap with cinch capability, allow a minimum 1/2" tabs on all four locations as shown to be able to pull and cinch the strap
- Provides maximum coverage of the oral and nasal regions
- Comfort Cool Flow Exhalation Valve (CCFEV) for low pressure drop and extended wear applications
- Durable, bonded, and soft seal lining
- Meets or exceeds the requirements specified by NIOSH DC-84A-160, and 42 CFR84 criteria.
- Meets CDC guidelines for TB exposure control, enhanced filter media effectively removes viral and bacterial contaminants
- Uses or Applications:
  - ▶ Medical, Surgical, other health applications

## **DHK Refresh Cartridge, Filter Pack (Quantity:2)**

DHK40021-1

The DHK Ion Tech patented and proprietary media removes:

- Bacteria
- Suspended Particles
- Cryptosporidium
- Lead and other heavy metals
- Volatile Organic Compounds
- Pesticides
- Pathogens
- Bad taste and odor

# PROFESSIONAL Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)

## DHK40237-MFA-1

### **Refresh Personal Water Filtration System (Quantity:1)**

DHK40096-1

- Provides instant filtered fresh drinking water
- Removes suspended particles, impurities, bacteria, VOC's, heavy metals
- System employs .4 micron multiple membranes impregnated with active charcoal and DHK ION TECH proprietary resin
- Made with FDA compliant materials
- Tested by independent and FDA approved labs

### **Dupont Antiseptic Hand wipes and spray (Quantity:2 set)**

DHK40238-AH/S-1

- Effective against viruses and bacteria including Hepatitis A, B, and C, HIV-1 (AIDS Virus), MSRA, VRE, Herpes virus, etc.
- Active ingredient Isopropyl Alcohol 70%, Deionized water, Fragrance, Propylene glycol

### **DHK Ultralite Boot (Quantity:1 pair)**

700348-BB-1

- Acid and Oil resistant Ultra-flex compound – Generous wider fit
- Gel-flex fatigue resistant mid sole
- Slip resistant first impact heel strike design – Available steel toe & plate
- Self-cleaning outsole
- Available in white or blue
- CSA/ANSI approved
- Sizes 7 to 14

# PROFESSIONAL Bird Flu & CBRN Kit

(chemical, bird flu, virus, and bacterial protection)

**DHK40237-MFA-1**

## **Dupont Tychem™ Medical Cover-All (Quantity:2)**

DHK40239-MCA-1

- Constructed of spunbound polypropylene
- Fluid resistant and lightweight for comfortable extended wear
- Polyethylene coated material provides excellent tensile and tear strength
- Modular components allow the wearer to determine what he/she needs for the particular trauma call
- Provides excellent protection in the lab or in the field handling against toxins, bacteria, viruses, etc

## **DHK Dura-nylon Bag (Quantity:1)**

DHK40240-DNB-1

- Material- Dura-nylon water resistant, anti-fungus fabric
- Built-in multiple pockets
- External pocket for cell phone or radio
- External pocket for ReFresh Water Filtration System
- Durable commercial zippers
- Lined inside for waterproofing
- Designed for long term storage and field use

## **DHK Latex Gloves (Quantity:10)**

DHK40241-LG-1

- Latex gloves with highest protective properties
- Thicker, stronger and max elastic
- Durable latex gloves and puncture or tear resistant
- Excellent performance in wet conditons
- Max resistant to many chemicals, including acids and alkalis
- Offers superior sensitivity
- Sizes : small to extra-large

(chemical, bird flu, virus, and bacterial protection)

**DHK40237-MFA-1**

## **DHK Ballistic and Laser Protection Goggles (Quantity: 1 pair)**

DHK700288-DBLPS -1

DHK Medical Group manufactures and supplies goggles for ECW applications and DHK goggles for ballistic protection and laser eye protection applications.

- Polycarbonate lenses as specially molded with IR protection.
- Extra thick polycarbonate provides ballistic protection
- All lenses meet V50 ratings IAW MIL-V-43511C.
- Frame designed for comfortable fit with all standard helmets such as PASG-MITCH, Tactical, etc.
- Frame designed for maximum ventilation for extreme fog resistance and filtration of airborne contaminants.
- Soft and open cell padding for maximum comfort.
- 45mm adjustable durable strap system for maximum comfort and long wear.
- Easily field maintainable.

## **DHK Anti-Microbial Socks (Quantity:2 pairs)**

DHK700018-TMS/AM-1

DHK Anti-Microbial Socks are designed for comfort, natural warmth and durability. The Socks can be worn for an extended period of time during normal exercises and combat operations. The materials used in the manufacturing of DHK Anti-Microbial Socks are impregnated with anti-microbial guard materials that inhibit the growth of bacteria and fungi, protecting in extended wear conditions.

The material composition and allocation are designed to provide maximum ankle support, heel protection and wear resistance. The sock weaving patterns allow the maximum removal of heat and moisture.

## DHK40237-MFA-1

### DHK EMP Kit (Quantity:1)

DHK 40258-EMP-1

The DHK EMP kit include following products:

- Bandage/gauze roll (qty:1 roll)
- Hypoallergenic tape (heavy duty) (qty:1 roll)
- Scissors (1 pair)
- Band-aids (~5 small, 5 large)
- Neomycin, antibiotic ointment (~2.5 ounce tube)
- Iodine infection control wipe, 1 ¾" X 2 ½" (qty: 10)
- Aspirin for multipurposes (2-pack, qty:4)
- Emergency Blanket (1)
- Eye wash solution (~5 1 ounce vials)
- Pouch (containing all of the above items)

### Oxydose : Oxydose system (Quantity:1)

DHK 700072- MP02-113

DHK is pleased to introduce our patented and proven OxyDose Light Weight Automatic Oxygen Systems (MPO2). Our system is designed for medical applications, yet can also be used as a first line of defense against most airborne biological and chemical threats. Its user-friendly design and highly reliable quality make it ideal for use in hospitals, nursing homes, home care and travel at an exceptionally low cost.
